Baby Bottle Boomerang is used to fund the ministry of SVPS, which includes serving clients struggling with past abortion decisions. Clients like Carlie – who once typed these words to us in an email: *"I feel so dirty and disgusting! I'm stuck and it's so awful."* Since then, Carlie has journeyed with us through the "Surrendering the Secret" Bible study. The Lord used that study as a tool to shift her from being stuck in her past to believing what He says about her. It has taken time, but she has learned to listen to truth rather than feelings.

Proceeds from Baby Bottle Boomerang can help people like Ally, who faced an unintended pregnancy. She chose life for her child and now says, *"My baby girl is the best thing that ever happened to me. I walked away from God in the past, but now I want a closer relationship with Him. I want to read my Bible more."* God often uses situations like these to draw young parents to Himself.
